Aspiring Frontend Web Developer specializing in **React.js** and **Next.js**. Eager to apply my knowledge and passion for creating intuitive and visually stunning user interfaces. Seeking a collaborative team where I can contribute, learn, and grow in the dynamic realm of web development.

Skills

Languages	:	HTML, CSS, JavaScript, TypeScript
Frameworks	:	Next.js, Tailwind CSS
Libraries	:	React.js
Databases	:	MongoDB
AWS	:	EC2, Route53
Dev Tools	:	Visual Studio, Git, GitHub, Postman

Projects

Portfolio   Source Code
HTML, CSS, TypeScript, Next.js, Tailwind CSS

- Developed a Portfolio with **Next.js**, **TypeScript**, **Tailwind CSS**
- The portfolio serves as a dynamic exhibition of my passion and expertise, spanning design to development.

PlantIn   Source Code
HTML, CSS, JavaScript, React.js, Node.js, Express, MongoDB, JWT, EC2, Route53

- Developed a creative showcase platform with **React.js**, **Node.js**, **Express** and **MongoDB**
- User authentication with **JWT**, enabling users to engage with features like liking, posting, commenting, and exploring detailed views of others' posts.
- Users have the ability to share their creative ideas or projects, allowing them to comment on other users' posts.
- Admin Module: Oversight and Control of Posts and Comments
- Worked with **Rest API** and **AWS Route53**
- The project server is hosted on an **AWS EC2 Instance**, while the frontend is deployed using **AWS Amplify**.
